About Us

Fargo Industrial Supply is a B2B supplier of power transmission components to the manufacturing and industrial supply markets. We are backed by over 15 years of direct industry experience in the Canadian and US-based markets.

We're a one-stop-shop to keep manufacturers and producers operating, supplying these industries with a broad range parts including bearings, belts, sheaves, motors and drives.

Fargo Industrial Supply delivers customized, professional solutions at competitive prices. We accomplish our goals by building relationships with our clients, understanding their business and anticipating and fulfilling their unique needs.

We believe in providing our clients with service, value and reliability, today and tomorrow.

Our Services

Fargo Industrial Supply offers a unique product and service value proposition:

- **Expert consulting services**
- **Competitive pricing**
- **24/7 on-call service availability**

We offer more responsive and agile services than the competition. Our services are designed to be a one-stop-shop for all your industrial supply and after-care service needs. As our client you will benefit from our customized and professional value-added features:

- **Responsive turnaround time means shorter outage and downtimes**
- **Analysis of stock ordering patterns for cost savings**
- **Stores analysis to free-up cash from inventory**
- **Repair services**
